

Distributed Team Student CV

Name: Gonçalo Teixeira Carneiro I can be called: Goncas / Gonças
University: UTAD Student ID: al62702.

Personal Goals and Interests

I want to learn more about a possible real situation of work and acquire knowledge in programming to find more about this world and if it is the right path for me.

In the process, I hope to learn to be more organized, help others, and find different and creative ways to deal with the problems we may face.

On top of that, I want to feel I can take on this challenge and conclude it without backing out, like proving my worth to myself.

Skills (rating: 0 = none, 5 = most experience)

Languages:

Java : 0 C: 0 C++: 2 Python: 0 JavaScript: 0 Other:
