

# Distributed Team Student CV

---

Name: Mariana Dias I prefer to be called: Mariana

University: UTAD Student ID 68627

## Personal Goals and Interests

As a computer science student at UTAD, my goals revolve around academic excellence and advancing my skills in C# front-end development. I aim to actively collaborate on projects, attend conferences, and expand my professional network. My interests encompass creating visually appealing interfaces, Android app development, UX enhancement, open-source contributions, and staying current with technological trends.

## Skills (rating: 0 = none, 5 = most experience)

**Languages:** 4 Java 4 C 5 C++ 1 Python 3 JavaScript Other:  
\_\_\_\_\_

**Platform:** 5 Windows 5 iOS 5 Android

**Other:** 3 Version Control (Git, SVN, etc.) 3 Data Base (SQL, MongoDB, etc.)

5 Written English 5 Spoken English Other Languages: \_\_\_\_\_

## Positions Wanted (multiple-choice rating: 0 = no interested, 5 = most interested)

**Roles:** 0 Project Manager 2 Requirements Analyst 2 System Architect  
4 Developer 3 Tester 2 Liason

## Work Assignments of Interest

Different teams will work on different parts of the Remote Authentication application. Refer to the Concept of Operations for a description of the application and subsystems. Please indicate which you are interested in working on (0=not interested, 5=most interested).

2 AI algorithm 3 Client/Server 1 RoseberryPi

4 Web Programming 5 GUI Development 1 Database Management

## Other Skills or Experience

List other skills or experiences potentially useful to a team such as teamwork experience, planning/managing, other programming projects, or work experience. List any students you would prefer to work with.

- I'm a good listener while working as a team. In terms of working in this project I'm interested in working with C# and working on the front end of this project or in the GUI development.
